ACT ONE

INT. STOOP HOME/LIVING ROOM - AFTERNOON

The Stoop children appear bored lounging around in the living room. Daniel and Kara are getting ready to leave for a night out on the town. They leave Rodney in charge of babysitting while they're gone.

Kara

Rodney, I left twenty dollars on the kitchen counter for pizza. Make sure the kids are in bed no later than 10:30 since it's a school night and keep Dean away from any Sci Fi movies tonight. He watched reruns of V last weekend and now he's trying to prepare for the next alien holocaust. Oh and...

Rodney

Will you shut it already! I didn't just fall off a washing machine yesterday.

Daniel

Yes you did, why you think you got that big red bump on your head.

Rodney

Oh yeah. I forgot. (LOOKS CONFUSED; SCRATCHES HEAD)

Kara

Ok kids be good, we love you.

Daniel

(STERN VOICE) DON'T burn the house down, don't prank call anyone, and DO NOT let us get a phone call about any of you sitting in a jail cell when we get back...Jason.

Jason

I took a risk on flashing girls at the swimming pool. I was dealt a bad hand.

Kara

Bye kids, we'll be back soon.

Daniel and Kara leave out the front door and are on their way out for a much deserved night out.

Jason

Alright, you guys can sit around and wait to be spoon fed by grandpa, but I'm going to the block party across the street which I'm invited to.

Ana

Dude no fair, how did you get invited to that party?

Jason

V.I.P Pass. That stands for Very Innercool People, but you wouldn't know anything about that.

Melody

We can be very cool. Yo, yo yo it's the MD in the hizhouse!

Jason

That's what people say when they aren't trying to be nerds. I take that back. Even nerds wouldn't stoop that low.

The doorbell rings and Dean goes to answer it. It appears to be some creepy mad scientist with a bolt of lightning and thunder rumbling and flashing in the background to signal danger.

Dean

Who are you? Are you the pizza guy?

Mad Scientist

No I'm not! I want you all to come with me to my outdated studio apartment. I have candy!

Ana

Do you think we were born five minutes ago? Were too smart to fall for something like that.

Jason

(INTERESTED) Ooo candy! What kind do you have?

Mad Scientist

Hershey's, Now and Laters, Mike and Ike, Reeses, and Snicker bars!

Jason

Don't wait up; I'll be back by Halloween.

Ana

(GRABS JASON) Are you brain-dead dude? You can't go with him he wants to kidnap us.

Jason

What would make you think that?

The mad scientist is laughing and holding his pinky in his mouth like Dr. Evil from the Austin Powers movie.

Jason

You're right. (STERNLY) Get outta here now or we'll call your mother!

Man

(GASPS) Not mother! I called her and told her I would be home by six! Ok I'll leave, but I'll be back!

Dean

What a freak.

Rodney

(ASLEEP) Riiiiight. (STARTS SNORING LOUDLY)

INT. BLOCK PARTY - LATER THAT NIGHT

Loud music can be heard outside of the door of the house where the block party is being held as Jason, Melody, Ana, and Dean come up to the door.

Teen boy

Whoa, whoa, whoa! You can't come in here. You're a dork.

Ana

Watch it buddy, my sister is not a dork.

Melody

Thank you.

Dean

Yea, she's a nerd, let's make sure were clear about this.

Melody

(SARCASTIC) Thank you, if I had of just gone with wearing my white button up shirt with the pen pocket protector and rainbow suspenders I probably could have avoided this confusion.

Jason

Don't worry, they're all with me.

Teen Boy

Oh. Is this the sister who's sick? Ah man, I'm sorry. Well I hope you get well soon.

Melody

(TALKING TO JASON) What the heck is he talking about?

Jason

(NERVOUSLY LAUGHS) I told a few people at school you suffered from severe rheumatoid arthritis and you volunteer to dress up as the disfigured scarecrow out on our lawn every Halloween. I can't start telling the truth now, I been keeping this lie going for the past 4 years. It would be an insult to me. Now one of you go and get me a drink.

Ana

Go get your own drink. You got hands and legs.

Jason

Attention everyone, there are lames at this party.

Teen Boy #2

A lame?! Let's slaughter them!

Teen Girl

I got a pitchfork.

Teen Boy #3

I got a chain!

Ana

(SIGHS) I'll get it.

Ana goes over to the punch bowl. There's an icy sculpture in front of the bowl. Ana trips and her tongue gets stuck to the ice she's trying to pull her tongue off of the ice.

Teen Boy #4

(EXCITED, CALM VOICE) Yeah that's right. Be the slut that you are.

The teen boy taps Ana on the butt, Ana's quick reflex allows her to elbow the boy in the face and detach her tongue from the ice sculpture.

Ana

Heh, this is probably the only time I've ever been happy to be tapped on the butt. Oh, I wouldn't get up right now, you're gonna have a gnarly blood clot in your nose if you do.

Ana walks right over the teen boy who's lying on the ground in pain. Meanwhile, Dean looks outside and spots the mad scientist who tried to kidnap him and his siblings earlier.

Dean

Um I think it's time for us all to go. That weird guy is out there.

Melody

What? That's impossible. He should be behind bars now. I told Jason to call the police right after he left.

Jason

You did?

Suddenly the mad scientist knocks down the door. Everyone becomes silent that is at the party.

Teen Boy

Hey you can't be here!

Mad Scientist

Silence ignorant mortal!

The mad scientist vaporizes the boy with a ray gun. The teenagers are running and screaming to get away; the mad scientist grabs Melody.

Melody

Help! Help!!

Ana

Take your hands off of our sister!

The mad scientist uses another weapon which works as a neon colored lasso tying and clutching Ana, Jason and Dean together. He also kidnaps them along with Melody.

DISSOLVE TO:

INT. STOOP HOME/LIVING ROOM

Daniel and Kara arrive home from their night out and find Rodney snoring loudly with his mouth wide open and his head sloped over to his right.

Daniel

(WAKING UP RODNEY) Hey bowling ball. Where are the kids? Are they upstairs asleep?

Rodney

How the hell am I supposed to know? I'm not a babysitter.

Rodney falls right back to sleep while Daniel and Kara look at eachother confused.

INT. MAD SCIENTIST'S LAIR - NEXT DAY

The kids are tied up along a wall in chains, struggling to get away.

Dean

You still haven't told us why you're holding us hostage like this.

Mad Scientist

Simple. I need prototypes for my new invention I'm going to be using. It requires radiation to power up clones of you all to use to destroy my enemies!

The mad scientist drops the platinum rod in his pants; he starts screaming and pouring water down his pants.

Mad Scientist

(SARCASTICALLY) Oh this is perfect, now I have to get another surgery for pubic hair replacement...and probably skin grappling.

Jason

(WHISPERS TO SIBLINGS) This will be too easy. I'll have us out of here in no time. Uh excuse me deranged scientist dude, can I go to the bathroom? If I don't go every 8 minutes I'll get boils on my crotch.

Mad Scientist

(SIGHS) Fine. Just don't bust any on the floor on the way back.

The mad scientist lets Jason go so he can go to the bathroom.

Jason

(LIGHT CHUCKLE) Dumbass.

Ana

Ahem, um Jason aren't you forgetting about us?

Jason

Oh yeah, you have to let my brother and sisters go to the bathroom too.

Mad Scientist

Why on earth would I do that?

Jason

(POINTING TO MELODY) Anorexic, (POINTING TO DEAN) Polio,  
(POINTING TO ANA) Eh, Yeast infection.

Mad Scientist

(GRUMBLES) Ugh, you blasted kids and your paranoid hormonal problems. Go ahead and don't try anything crazy. I'll have my eyes on... (LOOKS AROUND) Oh you're all already gone.

The kids attempt to sneak out towards the front door as they are leaving the basement, but are halted by a robot.

Robot

Stop now.

Jason

Get outta the way you stupid robot.

Robot

WARNING: I have attitude and know how to use it.

The robot snaps robot fingers in a sassy manner; pulls out a series of ray guns and other various weapons surround the kids.

Ana

Oh crap were screwed.

Mad scientist

(EVILISH LAUGH; HOLDS PINKY NEAR MOUTH) I may have experimented with drinking acid during my college days at Penn State, but that doesn't mean I'm stupid! I have been training on taking over the world for years. You won't be able to escape! (LAUGHS IN AN EVIL MANNER)

Professor Copernicus

Sorry my biological bro, but I need to borrow your flashlight as I seem to have dropped my remote that would control the power frequencies of my fish's brain and mine.

Melody

Oh thank God! Professor Copernicus you have to save us! Your brother kidnapped us and is holding us hostage for some weird science experiment.

Professor Copernicus

I would definitely help. Luckily you caught me at a good time. I still have 17 minutes until The Big Bang Theory airs.

Dean

You're a Big Bang Theory fan?

Professor Copernicus

No, but I figured the show would make for a good snore. I haven't been able to sleep all week.

The mad scientist grabs a plank of wood sitting on the ground and hits it against the back of his brother's head, knocking him unconscious.

Mad Scientist

Nighty nite!

Ana

You're never gonna get away with keeping us here forever you physico! I bet our mom and dad are out there right now looking for us.

Mad Scientist

Oh don't worry your tiny little head, I took care of that.

CUT TO:

INT. STOOP HOME/KITCHEN - EVENING

Daniel is sitting at the kitchen table reading the newspaper when Kara comes in.

Kara

Daniel, do you know where the kids are? I haven't seen them all day today.

Daniel

Relax honeybunny, we got a message on the answering machine today that they're with grandpa.

Daniel turns on the answering machine to play the last recorded message. The beeping tone is heard right before the message plays.

Mad Scientist

(PRETENDING TO BE RODNEY) Ahem. Hello...(PAUSES) uh son. This is your father uh...(PAUSES AGAIN; TALKS TO THE KIDS) Drats, what's your grandfather's name again?

Dean

It's Rodney you incredibly foolish boob.

Mad Scientist

Ah yes! This is your father Rodney. I am calling your residence to let you know that I have taken the company of your children to oh darn, what's a place a grandfather can take his grandchildren and not be misinterpreted as child pedophilia?

(THINKING) Oh! We've gone to the hospital; yes that's where we are to visit my poor kitty cat Fluffy who's sick with Mad Cow Disease. See you soon in about a few days or so. Goodbye um...

Melody

(SIGHS) Daniel.

Ana

Dude is that seriously the best lie you could think of? That was so lame!

Mad Scientist

I've had just about enough of you little BRATS! Once I've finished my experiment, I'm gonna zap you all into a million pieces!

The message ends as another beep is heard.

Kara

Daniel, please understand that I say this out of love and compassion. Are you really this naïve?

The doorbell rings and it's Principal Keeler

Kara

Mr. Keeler? What are you doing here this late?

Principal Keeler

Well Jason didn't show up for school today.

(CONTINUED)

Principal Keeler (CON'T)

At first I wasn't even gonna bother to mention it given the numerous times he's skipped school in the past, but when Melody, Dean, and Ana didn't show up I became concerned.

Kara

Oh no! Daniel what if they were kidnapped?! We gotta go find them before something terrible happens to them!

Daniel

(SHAKES HEAD IN DISBELIEF) I can't believe I was foolish enough to fall for that fake message on the answering machine. (PAUSES) Dad couldn't figure out how to use a telephone to save his life. This calls for ACTION! Principal Keeler, round up a search party, Kara bake some snacks in case anyone gets hungry or weak. As for me, I'll be deciding between whether to use a gun or an axe on the perp who has our kids.

INT. MAD SCIENTIST'S LAIR - NIGHT

Mad Scientist

Finally my plan is complete, now all I have to do is take a sample of your entire DNA.

The mad scientist pulls out pair of tweezers and pulls out a hair from Dean's head when Dean kicks in him in the groin.

Dean

Reflex.

Mad Scientist

(TALKING IN PAIN) No worries. (PAUSES) Oh no, my bowel is clogging up.

Ana

Guys, look it's the keys.

Melody

Great now all we have to do is find a way to pick it up.

Jason

That won't be a problem. Pissbreath.

Machine

Password Activated.

Jason, Ana, Dean, and Melody are released from their chains.

Dean

You mean to tell us that was all you had to say to get us free?

Jason

Yea, me and this machine go way back. You know my very first words as a baby were piss breath? Well Dr. Dorkus, it was nice knowing you too bad you extremely suck as being a mad scientist.

Mad Scientist

I let you kick me in the groins and ridicule me with your teenage sassiness, but I'm not going to let you run over my plans!

The mad scientist clicks a button and a clone Jason, Ana, Dean and Melody appear. The real Jason, Melody, Dean, and Ana laugh.

Dean

This is your big plan? To make clones of us. Oh you're very evil. (LAUGHS)

The clone Dean punches Dean in the stomach and face.

Clone Dean

When I finish I will laugh at your agony.

Suddenly 28 more clones appear.

Melody

Oh come on!

Ana

It's time to kick some metal wannabee robotic butt!

Ana runs with her fist straightforward then one of the clones grabs her arm. The first time it's pulled to her side, the second time it's pulled behind her back and the third time around her neck.

Dean

I think it's about time we came up with a new strategy.

Suddenly, Daniel, Kara, and Principal Keeler bust through the basement door.

Daniel

(GUN DRAWN) Freeze sucker! You've just been LICKED!

Kara

(EMBARRASSED FACEPALM) Oh god.

Daniel

You're under arrest for kidnapping my kids.

Mad Scientist

Sure you can arrest me, but only if you can find me! (EVILLY  
LAUGHS)

The Mad Scientist throws a ball on the ground containing some  
sort of foggy smoke and fire making everyone in the basement  
disoriented and coughing. After the smoke and fire diminishes,  
it's shown that the mad scientist is still standing where he  
was.

Mad Scientist

I'm scared of real fire.

FADE OUT:

THE END
